

Sounds Unlimited Inc. did a terrific job as the DJ for our wedding. My husband and I work up north most of the time, so our time is limited when we are in the area. Cary made sure that he was available to meet with us when we were here. He was willing, and able, to answer all of the questions we had.

Cary was able to find creative solutions to any concerns that we had. We were unable to come up with a suitable way for our guests to request kisses from us at our reception (besides clinking glasses), so he suggested some options for us to choose from. We chose to have Cary and Darrell read off questions about us, and if our guests answered correctly, we would kiss. This worked really well for us, and was a lot of fun for everyone.

Many of our guests don't dance, but Cary and Darrell had lots of ideas to get people up on the dance floor, and help to keep them there. The music volume was kept at the perfect level throughout the night.

If we were ever again in need of a DJ, we would definitely go to Sounds Unlimited Inc. first, due to the company's utmost professionalism.
