### Love Story Information

The Love Story is your opportunity to have your story told the way it should be – with romance, humor, sentiment and surprises, all set to music and delivered at your reception. It is also a way for me to get to know more about the two of you and get to know a little more about your personalities. In order to help me create your Love Story, I will need some information from you. The following is a checklist of basic information I need. I won't use it all, but having it all will help me to find the perfect blend for your Love Story. Please feel free to add more, but make sure I have everything in this checklist before your Reception Planning Session with me, your Master of Ceremonies.
